International Adoption Program Description

CHINA HONG KONG

GENERAL INFORMATION

Nightlight offers international adoption from the Hong Kong, an autonomous territory in south Eastern China. This program was launched in 2011 and has been a successful program for families interested in adopting special needs children. Nightlight works directly with two social welfare institutes approved by the Hong Kong Central Authority to do intercountry adoption. Those institutes are Po Leung Kuk (PLK) and International Social Services (ISS).

The following website is a useful place to start for reading more about adoptions from Hong Kong:

ABOUT THE PROGRAM

Nightlight began a partnership with Po Leung Kuk (a social service organization in Hong Kong) to place orphaned children into loving homes in 2011. Our partnership with International Social Services (ISS) has been in place since 2017. We work directly with these two social welfare institutes who are approved by the Central Authority of Hong Kong to conduct inter-country adoption. Hong Kong/China is a party to The Hague convention as well.

All children adopted from Hong Kong are considered to have special placement needs. PLK and ISS make available a list to Nightlight of waiting children. This program is unique because prospective adoptive families receive a great deal of information about the child they are considering including: medical reports from the time the child entered care; educational reports; social history; and as much information about the birth family as has been recorded. When a family expresses an interest in adopting a specific child, they make application with either PLK or ISS, the social welfare institute currently responsible for matching that child.

CHILDREN AVAILABLE

Children from 1 year to 15 years of age with special placement needs are available for adoption. Special placement needs may include medical health needs, mental health needs, or birth family issues. Some waiting children have moderate to severe special needs such as Thalassemia or Down Syndrome and some children over the age of 8 years are available who have no apparent medical problems. To view waiting children from Hong Kong, please visit our waiting child page on adoptionbridge.org

ELIGIBILITY TO ADOPT

Hong Kong's eligibility requirements include married couples must be at least 25 years of age and may not be more than 45 years older than the child they wish to adopt. Applicants must be married at least 3 years. When it is a second marriage, applicants must be married for at least 5 years. Singles may also adopt from Hong Kong but must have sufficient child care experience and a strong support network. Applicants need to be in good physical health and have a stable income. Hong Kong prefers families with no more than 3 children in the home.

PROCESS

Families submit an application, home study, and dossier to Hong Kong. Once the documents are received and reviewed, the Hong Kong Central Authority through the approved social welfare institute sends the family a referral of a child meeting the family's specifications. The screening and referral process takes about 8 to 12 weeks, as long as a child is available that meets the family's criteria. If a family has pre-identified a waiting child, they will receive that child's full referral upon submitting their application. The Hong Kong Central Authority will review the family's documents and provide an official match. This can take 6-10 months. The family will then complete official referral review with Nightlight's Social Services Department. Once the match is accepted by the family, the legal procedures in Hong Kong take approximately 8 weeks and the family is granted guardianship by the court in Hong Kong. Your family will then process the I-800 with immigration here in the US and upon approval of your I-800, either PLK or ISS will apply for the visa and passport for the child. The visa is granted prior to the family traveling to Hong Kong so time spent in Hong Kong can be spent simply bonding with your child. The entire adoption process from Hong Kong generally takes about 18 months.

TRAVEL

Both prospective adoptive parents are required to travel to Hong Kong to accept placement of the child. Time in country is approximately 7 days though this time may vary slightly. Families receive guardianship orders from the Hong Kong court and then finalize their adoption in the US upon return. Travel to Hong Kong is comfortable for most families as Hong Kong has many of the modern conveniences we have here in the US and because the city is trilingual speaking English, Cantonese, and Mandarin.

NIGHTLIGHT'S COMMITMENT

Nightlight is committed to preparing families for the adoption of a child with special needs. We provide pre- and post-adoption education and information regarding medical resources.

POST ADOPTION

Hong Kong requires the first post placement report at 1 month after arrival home and then 4 quarterly reports in the first 12 months after the child returns to the US. This is a total of 5 reports to be completed by your home study social worker and photos of your family and your adopted child are included.

COSTS

The program fee for a Hong Kong adoption is around \$11,000. Your additional costs will include home study, USCIS approval, notary & apostille fees, airfare, hotel, in country guide, and embassy fees as shown on the fee schedule. Your out-of-pocket expenses may further be reduced if you receive scholarships, grants or employer-provided adoption benefits. For additional fee information please see Exhibit A.

The cost of operating an international adoption program is substantial and increasing with the additional compliance requirements under the Hague Convention on Inter-country Adoption. The nature of international adoption makes it impossible to predict the exact costs you will incur, but we believe the estimates above are realistic. Although we strive to maintain a predictable fee schedule, unexpected increase in our costs may necessitate an increase in fees. Therefore, fees may be increased upon 90 day notice. Program fees are paid in phases and are non-refundable. Nightlight establishes a budget for costs each year based on the number of adoptions it estimates completing, as well as revenue from grants and donations. Based on these estimates, we establish program fees to cover the costs of attorneys, facilitators, social workers, insurance, and other costs we incur. Of course it would be prohibitive to allocate all of the costs (payroll, rent, insurance, supplies, travel, etc) to one adoption in one program.

A late fee of 12% annual (1% monthly) will be assessed for fees more than 30 days past due.
