

## GRANT PROGRAMS

Parents may be eligible to receive a loan or grant to defray some of their adoption costs. Each grant or loan program determines eligibility requirements. Usually grants are not given until you have a completed home study. Also, you may be required to be pursuing a specific country program as you will most likely need a letter from your placing agency. If you are pursuing a domestic adoption, most likely you will have to use the services of an accredited adoption agency and not just the services of a private attorney.
