

Post Adoption Reports: **UKRAINE**

This information should be used by the adoptive family and post adoption report agency

1-month contact visit and report: Nightlight requires that you have a visit with your social worker within 1 month of arriving home with your child(ren). The social worker will need to complete a one-month visit form and submit it to Nightlight. Since this report is only required by Nightlight, it will not need to be notarized and you do not need to submit a photo collage.

Nightlight staff, please complete the 1-month report form in SAM

Agency Completed Reports: Due in country **6 months, 1 year, and 2 years** after consular registration date. Due to Nightlight 1 month before the country due date.

Ukraine has minimal reporting requirements, requiring only self-reports to be provided by the adoptive parents. However, Nightlight requires that families have the first two years of reporting completed by the home study/post adoption agency. This is because we want to ensure that any issues that may arise during this initial adjustment period can be identified early on and families can receive the right care and support to help them through any challenges

Report Template: This country does not have a required report format, so you may use your own agency template or [this template](#). Please keep reports 3-4 pages maximum, unless it is a combined sibling report or the family has significant circumstances to report. These reports are translated by page and this helps save on costs.

Siblings: A separate report, and photographs, must be completed and submitted for *each* child.

Self-reporting: 3 year self-report and then every 3 years after that until your child turns 18.

Photograph Requirements:

Adoptive family, please gather eight-ten recent photos of each child and provide a description for each photo. Arrange in a 1-2 page collage in a Word document (or similar) and e-mail these pages to your Post Adoption Coordinator.
