

Post Adoption Reports: **GHANA**

This information should be used by the adoptive family and post adoption report agency

1-month contact visit and report: Nightlight requires that you have a visit with your social worker within 1 month of arriving home with your child(ren). The social worker will need to complete a one-month visit form and submit it to Nightlight. Since this report is only required by Nightlight, it will not need to be notarized and you do not need to submit a photo collage.
