

Speaking to Your Patients about Embryo Donation through Snowflakes

YOUR PATIENT HAS REMAINING EMBRYOS, AND THEY DON'T KNOW WHAT TO DO.

Does your patient want to...

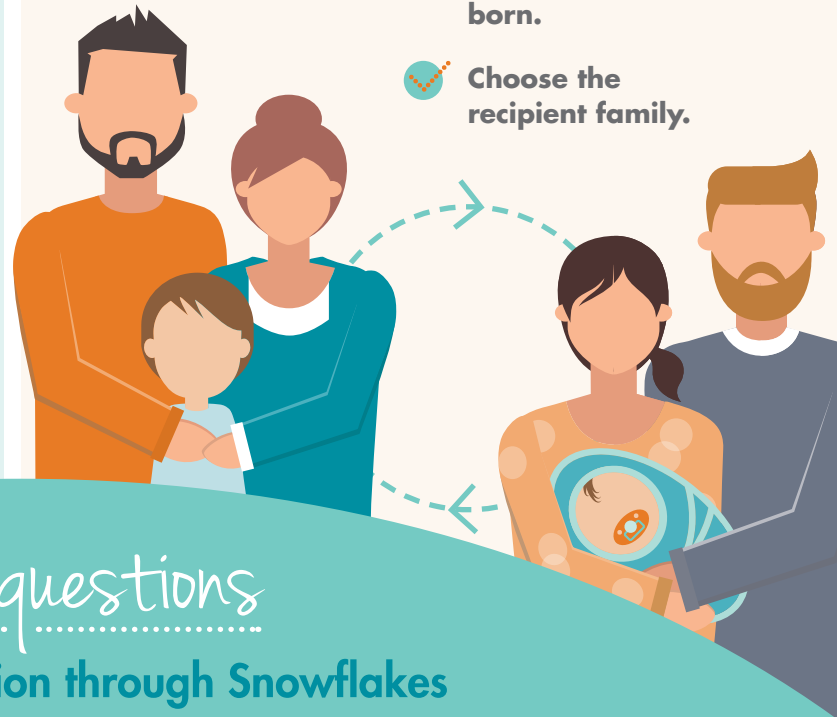

- ✓ Avoid destroying their embryos?
- ✓ Choose the family who will adopt their embryos?
- ✓ Have an interest in the lives of kids born from their embryos?

IS THE SNOWFLAKES EMBRYO DONATION PROGRAM AN OPTION FOR THEM?

Embryo donation allows your patient to...

- ✓ Help another couple struggling with infertility.
- ✓ Communicate with the family about genetic siblings born.
- ✓ Choose the recipient family.

Top 4 questions about embryo donation through Snowflakes

How much does it cost?

There are **NO FEES** for donating embryo sets of 3 or more embryos.

Will they accept our embryos?

YES, Snowflakes accepts and places all embryo quantities and qualities; even sets of 2 or less for an administrative fee.

Does one family receive all of our embryos?

YES, Snowflakes' matching program works to place all embryos in one family.

How are adopting families evaluated?

Each family completes an adoption **HOME STUDY**.
