Female	Bulgaria	Clinically healthy (adopted with sister)	13
Female	Bulgaria	Clinically healthy	13

Male	Bulgaria	Mild mental delay, significant behavior disturbance, delay in expressive speech	3
Female	Bulgaria	Clinically healthy (part of sibling group of 3)	6
Male	Bulgaria	Clinically healthy (part of a sibling group of 3)	8
Male	Bulgaria	Pulmonary tuberculosis, lower intellectual developmental for his age (part of a sibling group of 3)	11
Female	Bulgaria	Congenital heart malformation	2
Male	Bulgaria	Mild mental delay, significant behavior disturbance	3
Female	Bulgaria	Low birth weight and unspecified facial dysmorphism	2
Female	Bulgaria	Moderate mental delay with behavioral disorder, premature, delay in neuropsychological development, astigmatism and degenerative myopia	7
Female	Colombia	Older child	12
Female	Colombia	developmental delay, laryngomalasia, hypotonia.	8
Female	Colombia	ADHD, mixed school skills disorder	10
Female	Colombia	Klippel-Feil Syndrome, Mental delay, sibling	10
Male	Colombia	Sibling	5
Male	Colombia	Older child	14
Male	Colombia	Congenital syphilis, sibling	2
Male	Colombia	Older child, sibling	14
Female	Colombia	Older child, sibling	16
Female	Colombia	Older child, sibling	11
Male	Colombia	Older child, sibling	13
Female	Colombia	Sibling	7
Male	Colombia	Reactive bonding disorder	10
Female	Colombia	Sibling	8
Male	Colombia	Problems related to sexual abuse, sib	11
Male	Colombia	Problems related to sexual abuse, sib	7
Male	Haiti	Healthy	10
Female	Haiti	Cervical teratoma in neck	3
Female	Haiti	Healthy, malnourished	9
Female	Haiti	Healthy	7

Male	Haiti	Healthy	3
Female	Haiti	Sickle cell trait, ear malformation	4
Male	Haiti	Sickle cell	3
Female	Haiti	Healthy with a delay in weight	8
Male	Haiti	Healthy	1
Female	Haiti	Healthy with low weight and malnourished	5
Female	Haiti	Sickle cell trait and dysmorphic facies with malformation of the pavilion of the ears	3
Female	Honduras	Healthy (relative)	2.5
Male	Honduras	Healthy Older child sibling	16
Female	Honduras	Healthy Older child sibling	17.5
Female	Honduras	Healthy Older child sibling	14
Male	Honduras	Healthy Older child sibling	17.5
Female	Honduras	Healthy Older child	15
Male	Honduras	Vision issues	17
Male	Honduras	Development delay, previous trauma, behavioral issues	11.5
Female	Hong Kong	Born prematurely, asthma, cerebral palsy	4
Male	Hong Kong	Tongue tie, family history of mental illness, possible prenatal exposure to drugs	2
Female	Hong Kong	PDA, Asthma, eczema, exotropia and amblyopia of right eye, possible autism, as well as several diagnoses at birth which were resolved quickly	8
Female	India	Microcephaly	3
Female	India	Congenital deformity of feet	2
Female	India	Birth Hypoxia	3
Female	India	Older Child	8
Female	India	Low Birth Weight, premature, Birth mother had HIV	3
Male	India	Low Birth Weight, premature, Birth mother had HIV	3
Female	India	Older Child	8
Male	India	Ambiguous genitalia	4
Female	India	Cerebral Palsy	4
Male	India	Leg spasticity & dystonia	5
Male	India	Older child	9

Female	Iran	Healthy	2
Male	Iran	Healthy	2
Male	Jamaica	ADHD; Autism; PTSD; Learning Disabilities; Behavioral Issues	6
Female	Jamaica	Underweight; PTSD	2
Male	Malawi	Healthy (relative)	13
Female	Mexico	Older child with difficult background	11
Female	Mexico	Has older sibling	6
Male	Mexico	Older child with difficult background	10
Male	Mexico	Has older sibling	8
Male	Mexico	Sibs	7
Female	Mexico	Sibs	6
Male	Nicaragua	Microcephaly, ADHD, and learning disabilities	16
Female	Nigeria	Healthy	6
Female	Nigeria	Healthy	2
Female	Nigeria	Healthy	2
Male	Nigeria	HIV +	4
Male	Taiwan	Developmental Delays	6
Female	Taiwan	Global Developmental Delays; Congenital nystagmus in one eye, amblyopia, strabismus, astigmatism	7
Male	Uganda	Sickle Cell Anemia	2.5
Female	Ukraine	Healthy, has older siblings	11
Male	Ukraine	Healthy, has older siblings	13
Male	Ukraine	Healthy, has older siblings	14
Male	Ukraine	Healthy, has three siblings	17
Female	Ukraine	Healthy, has two siblings, relative adoption	9
Female	Ukraine	Healthy, has two siblings, relative adoption	7
Male	Ukraine	Healthy, has two siblings, relative adoption	4
Female	Ukraine	Spastic tetraplegia, confirmed after examination in the neurological department G82.4; Congenital malformation of brain, gliotic changes of pre-ventricular white matter with cognitive deficit Q04; Moderate protein-calorie malnutrition II grade E44.0	3

Female	Ukraine	Postural kyphosis M40.0 Hallux valgus (acquired) M20.1 Chronic superficial gastritis K29.3 Other specified bacterial agents as the cause of diseases classified to other chapters B96.8 Other specified diseases of stomach and duodenum K31.8 Other specified diseases of gallbladder K82.8 Disorder of bilirubin metabolism, unspecified E80.7 Other cardiomyopathies I42.8	17
Male	Ukraine	Acne vulgaris L-70.0; Divergent concomitant strabismus H 50.1; Acquired flat foot (pes planus) M21.4; Sequelae of unspecified injury of upper limb T 92.9	17
Female	Ukraine	Mixed specific developmental disorders F83	15
Male	Ukraine	Mild mental retardation F 70; Nonorganic enuresis F98.0; Congenital pes planus Q66.5. Chronic serous otitis media H65.2	13
Male	Burkina Faso	Older Child	10
Male	Burkina Faso	Older Child; Child born of Incest	12
Female	Burkina Faso	Older Child; Child born of incest	8
Female	Burkina Faso	Pre-mature child; born of a mother with severe mental illness	2
Female	Burkina Faso	Variant of sickle cell disease	2
Female	Burkina Faso	Child born of incest	2
Female	Iran	HIV	3
